Financial Survival	Moving on and growing closer to God	

Who leads DivorceCare?

DivorceCare is led by a team of people who understand how participants feel. They have a real concern for the hurt caused by separation and divorce. The St. John DivorceCare team is made up of men and women who have experienced divorce, as well as a great healing through reconciliation with Christ and ongoing spiritual growth in Christian community. Each video session is led by nationally recognized experts on divorce and recovery topics.

Following each viewing, participants engage in small group discussion facilitated by a member of the DivorceCare team.
